ATS: How to resize insurance images within ATS

If you are having trouble with an insurance report loading you may need to resize the insurance images. You can do this within ATS itself. Select Admin —> Athlete Utilities—> Resize Insurance Images/ Resize Insurance Images for a team.

Admin Windows Help

	OK		Cancel			

Once you have chosen to either resize all images or just for a specific team you will receive a message indicating the number of images that will be resized. Click ok to continue.

ATS: How to resize insurance images within ATS

You will then get a notification regarding the process, what it will and will not do. Also note that this process is irreversible.

Show Message			
This process will resize the athletes.	front, back c	or 'both' insura	nce card images for all of your active
NOTE: * The end result of this proc * If insurance card images image), they will still be hard * This process resizes ima * Once completed these ch * A complete restore of you would be lost.	cess may affe were not done d to read. ges, but does nanges are no ur database w	ect the readabi e 'to size' or a a not 'crop' (re at reversable, ould be the or	lity of the image. re hard to read (e.g. a clear insurance card move) space around the card image itself. nly option and any work done during the day
Do you want to continue?			
	Yes	No	

Once you click yes the process will run, please be patient as the time required to complete this process depends on the number of images you are resizing. You will receive a notification that the process has been completed. You should then try and run your report again.

*You may need to run this process more than once depending on the size of your insurance images.
