

As part of our ongoing support for research; we are happy to make our **ATS Research** module available to our clients and potential clients.

- ★ **No extra data entry** is required by the medical staff...
- ★ De-identified data is gathered **“live”** and **“dynamically”** into our research database...

Participation Types

- ☑ **Research for all participating ATS clients**
- ☑ **Research for your conference of ATS clients**
- ☑ **Participate in either or both**

How things work

Injury information is entered by all of the participating ATS clients...
