

The Athletic Trainer System[®] Communications

- ✓ “Secure Message” utility for staff to communicate with athletes, family members and other staff. Applicable messages are logged in the athlete’s profile.

- ✓ Staff may receive notices if a designated question from an online form is answered in a “trigger method”. For example, our Covid form triggers if the athlete says “yes” to having a temperature.

- ✓ Nightly batches:
 - Configurable reports securely emailed to coaches And other staff.
 - Appointment reminders to students.
 - Appointment reminders to staff/coaches.
 - Email notes to emergency contact for an athlete.
 - Email and/or text links to athletes so they can complete a Covid, or other form online.

- ✓ Group notices to staff for injuries, notes and more.

- ✓ Batch email/text messages:
 - To athletes.
 - To emergency contacts.

- ✓ Staff notices for information/forms completed by athletes online.

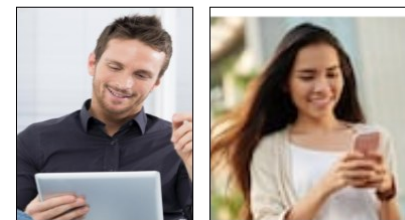

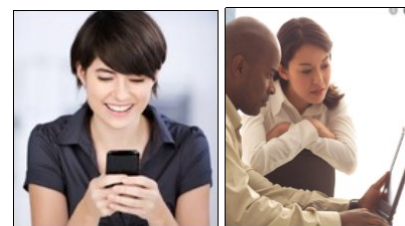

- ✓ Items on your paperwork required list may be automatically checked when an athlete completes an online form.

- ✓ Emails may be sent to athlete from a PC/Laptop, phone or tablet.

- ✓ Athletes may email staff from their PC/Laptop, phone or tablet.

- ✓ Secondary insurance claims may be submitted electronically to any of our nine(9) partners.
