The Athletic Trainer System®

Secure and/or two-factor authentication

With the latest release of our ATS web modules you have the option to use any of the methods outlined in this document for users to login securely.   They are as follows:

1. Use the standard ATS login/password
2. Use ATS 2-factor login.

Note: The following chart shows the ATS modules & applicable method(s) available.

ATS Module	Method 1	Method 2
ATS Desktop	x	x
ATS Quick Med Check (Windows)	x	x
ATS Staff Portal	x	x
ATS Quick Med Check (Web)	x	x
ATS Smartphone	x	x

More information is available through discussion with our staff and in a more detailed document.
